1. The first part of the report is a general statement of the purpose and scope of the study. It is followed by a brief review of the literature on the subject.

2. The second part of the report is a description of the methods used in the study. This includes a discussion of the subjects, the instruments used, and the procedures followed.

3. The third part of the report is a presentation of the results of the study. This is done in the form of a series of tables and graphs, which are accompanied by a detailed discussion of the findings.

4. The fourth part of the report is a discussion of the implications of the findings. This includes a consideration of the theoretical and practical significance of the results, and a suggestion for further research.

5. The fifth part of the report is a conclusion. This is a brief summary of the main findings of the study, and a statement of the author's conclusions.

6. The sixth part of the report is a list of references. This is a list of all the sources of information used in the study, including books, articles, and other documents.

7. The seventh part of the report is an appendix. This contains any additional material that is relevant to the study, but which is too large to include in the main text.

8. The eighth part of the report is a glossary. This is a list of all the technical terms used in the study, with a brief definition of each term.

9. The ninth part of the report is a bibliography. This is a list of all the sources of information used in the study, including books, articles, and other documents.

10. The tenth part of the report is a list of figures. This is a list of all the figures included in the study, with a brief description of each figure.

11. The eleventh part of the report is a list of tables. This is a list of all the tables included in the study, with a brief description of each table.

12. The twelfth part of the report is a list of abbreviations. This is a list of all the abbreviations used in the study, with a brief definition of each abbreviation.

13. The thirteenth part of the report is a list of symbols. This is a list of all the symbols used in the study, with a brief definition of each symbol.

14. The fourteenth part of the report is a list of units. This is a list of all the units used in the study, with a brief definition of each unit.

15. The fifteenth part of the report is a list of acronyms. This is a list of all the acronyms used in the study, with a brief definition of each acronym.

16. The sixteenth part of the report is a list of footnotes. This is a list of all the footnotes included in the study, with a brief description of each footnote.

17. The seventeenth part of the report is a list of appendices. This is a list of all the appendices included in the study, with a brief description of each appendix.

18. The eighteenth part of the report is a list of references. This is a list of all the sources of information used in the study, including books, articles, and other documents.
